Your Origami Box will look like this when finished.

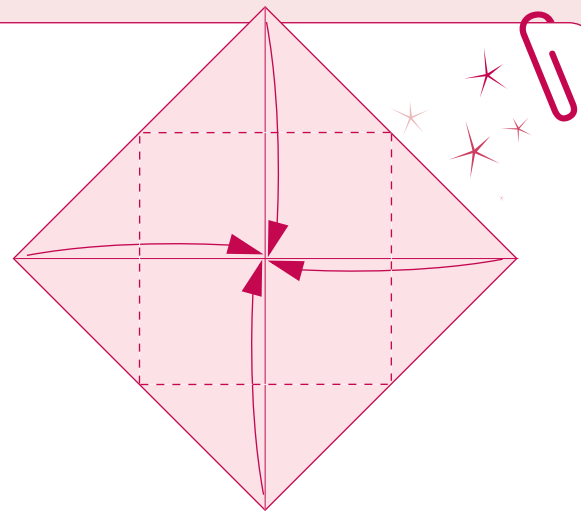

Embellish using Satin Ribbon, Designer Buckles, Paper Fasteners, or Paper Cut-outs.

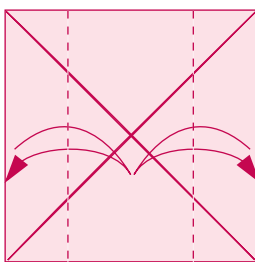

STEP 1

Begin with a square piece of paper. Use a ruler to find the centre point and mark on the reverse side of your paper using a pencil.

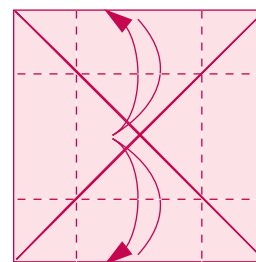

STEP 2

Fold all corners into the centre point.

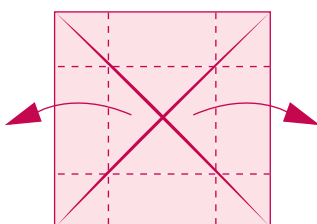

STEP 3

Fold opposite edges into the centre point. Make a firm crease and then re-open the folds.

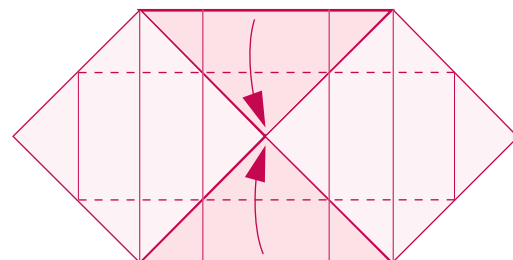

STEP 4

Repeat Step 3 on the two remaining sides.

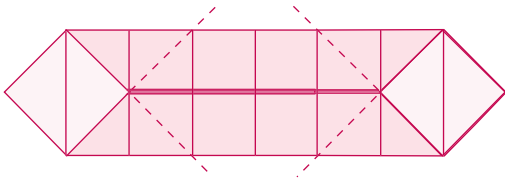

STEP 5

Extend out two opposite centre points.

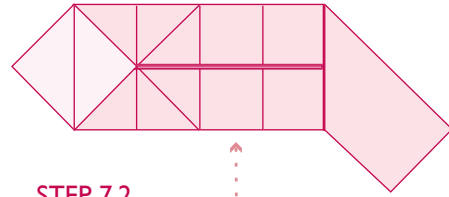

STEP 6

Fold side edges into centre along existing creases.

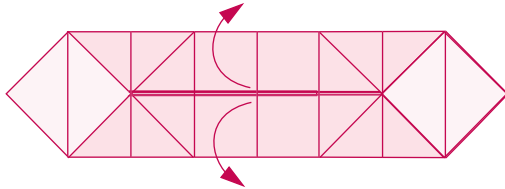

STEP 7.1

Fold and unfold along diagonals on both sides at each end.

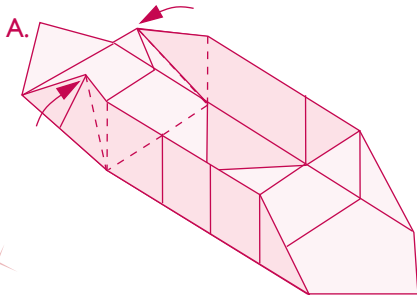

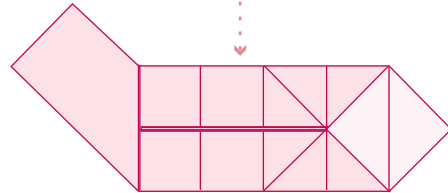

STEP 7.2

Make creases shown in 7.1 by folding at both ends as shown in 7.2

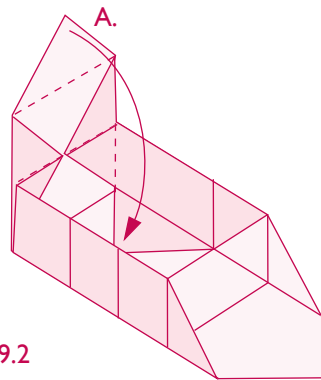

STEP 8

Lift sides to 90 degrees to form walls of box.

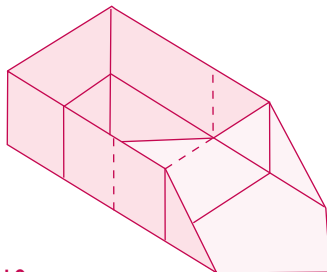

STEP 9.1

Tuck in side points and lift label A over side points to form another wall of the box.

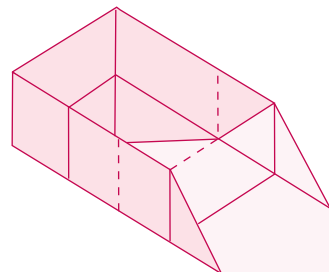

9.2

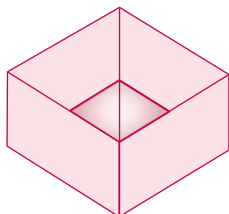

STEP 10

Secure label A to the floor of the box using double-sided tape so that it meets the original centre point.

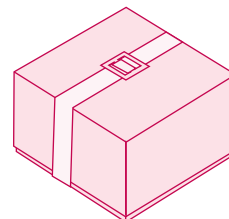

STEP 11

Repeat steps 9 & 10 on opposite side.

STEP 12

When completed, make another box from a slightly larger square of paper (5mm is usually suitable) to create a lid.

STEP 13

Decorate using Satin Ribbon, Designer Buckles, Paper Fasteners, or Paper Cut-outs.
