Rocco bedside table, \$299, French Boutique, (02) 9344 0888, frenchboutique.com.au.

Ideas to steal:

1. Start with clean, neutral walls and furniture and use objects like candle holders and vintage signs to give your home a warm ambience. That way, as trends change, you can easily adapt the look of your space.
2. Create different colour schemes for each room, choosing a maximum of two to three colours to create a bold contrasting effect.
3. Use spray paint on old picture frames or other decorative objects so they complement your colour scheme. It's a quick and easy way to transform a simple, old piece into something beautiful and new again.

2
