LIVING

IN LIVING
 COLOUR

American interior designer Kelly Wearstler's whimsical flair and fearless approach to decorating has garnered her legions of celebrity clients. Marvel at her work (and peek inside her home) in her new book *Hue*.

Hue by Kelly Wearstler
 (\$55, Ammo Books).

Pretty as a picture
 This handy pinboard is a stylish way to display your favourite inspirational pics. "The best inspiration boards combine different mediums like magazine tears, fabric clippings and photos," says *madison's* fashion and lifestyle editor Sinead Allen Shea. "And keep things as colour tonal as possible."

NEWS

This new limited-edition candle from French candlemaker, Diptyque, is a delicious blend of Indian and Madagascan vanilla and red bush tea. And for every one sold, €4 (about \$6) will be donated to the RED campaign – the Global Fund's program to help fight AIDS in Africa.
